Middle School Students in Texas Algebra Ready (MSTAR)

Universal Screener

The MSTAR Universal Screener is a formative assessment system administered to students in grades 5-8 to support instructional decisions. The content of the MSTAR Universal Screener is based on algebra-readiness knowledge and skills as identified in the Texas Response to the Curriculum Focal Points. Results can help teachers identify students who might not be ready for algebra and are in need of additional instructional support. Teachers will be able to monitor students' risk status by administering comparable forms of the MSTAR Universal Screener in fall, winter, and early spring.

[Comparison Over Time](#)

The Comparisons Over Time reports allow teachers and administrators to compare results from the Universal Screener over time (Fall, Winter, and Spring administrations of the Universal Screener). Comparisons can be generated for individual students, classes, or grades.

[Comparison Across Classes](#)

The Comparisons Across Classes report allows teachers and administrators to compare results from the Universal Screener across classes for the same teacher for one administration of the Universal Screener (Fall, Winter, or Spring).

[Print Class Pack](#)

Print a Comparison Over Time report for each student in the class.
