### Directions

#### Easy Word List

Say, "I want you to read this word list out loud and do your best reading. Begin at the top, and read down the list as fast as you can until I tell you to stop. If you come to a word you cannot read, just skip it and go to the next word. If you skip more than one word, point to the word you are reading next. Do you understand? ... Okay, you will begin as soon as I turn the page."

- Start timing when the student says the first word.
- As he or she is reading, mark any words incorrect that are misread or skipped.
- If the student hesitates for more than 3 seconds on a word, mark it incorrect and say, "Go on" or "Try the next word."
- After 60 seconds, say, "Stop." Circle the last word read.
- If the student finishes all the words before the time is up, note the time required to read all the words.
- If, before the time is up, the student indicates that he or she cannot read any more words, say, "Look over the whole list to see if there are any more words you can read." If the student then indicates that he or she can read no more words, circle the last word read, record the time, and stop testing.

#### Moderate & Challenging Word Lists

"Now try this list. Ready? ... Begin."

Follow guidelines listed above.
